AT THE HEART OF A PHOENICIAN CITY

Housed in the former offices of Postmaster General Barrochin, Grand Hôtel Beauvau is an iconic building in Marseille's Vieux Port. Inaugurated in 1816 along the famous Quai de la Fraternité, it is the city's first and foremost hotel. The imposing stone structure, dating back to 1781, boasts a heritage-listed seafront façade accentuated by tall windows and azure shutters.

AN INSPIRATIONAL JOURNEY

We have added a contemporary touch to the carefully preserved authenticity of this elegant and timeless place, much beloved by prominent travelers of days gone by – Frédéric Chopin, George Sand, Alfred de Musset, Alphonse de Lamartine and Jean Cocteau – who have sojourned here. In their honor, the hotel's suites and apartments bear their names today. Beautifully patinated furnishings from the 19th century blend harmoniously with vibrantly colorful fabrics that evoke Provence. In the guest rooms, travelers luxuriate in chic comfort inspired by the theme of adventure.

A SEA-FACING PORT OF CALL

Le Beauvau bar beguiles with its irresistible Vieux Port views and cozy ambiance. This emblematic venue is a peaceful haven that inspires shared moments of conviviality over a refined cocktail or meticulously curated wine. It is the ideal milieu for sipping drinks with friends to the sounds of classic jazz or Latin beats during one of the hotel's themed soirées.
