## LEGENDARY AND ICONIC LOCALE

The fully renovated Croisette Beach hotel Cannes is an inviting, intimate haven situated just steps from La Croisette's renowned beaches and the Palais des Festivals. In the heart of the French Riviera, a stone's throw from the sea, it is a remarkable location for a wellbeing interlude.

## A BOHEMIAN CHIC RETREAT

Enter a world of chic bohemian style, a one-of-a-kind place dreamed up by Parisian interior architect Jean-Philippe Nuel. An unexpected wave of comfort – elegant, relaxing and down-to-earth – washes over you. Discover a décor that is warm and homey, simple yet sophisticated. Pastel hues, rattan, terrazzo flooring, Missoni-style fabrics... Colorful and infused with light, the rooms invite rest and calm. The balconies, with views of the patio, envelope you in peace and serenity.

## SEASIDE FLAIR, A RARE EXPERIENCE JUST STEPS FROM THE BEACH

Inspired by timeless seaside resorts, the hotel is bright and uplifting. The wellness benefits of natural light can be found everywhere, from inside the lounge bar to outside on the patio.

The hotel's private beach on the beautiful Bay of Cannes is as awe-inspiring as it is charming. It's a place where light and landscape come together to bring you privileged moments and unique experiences. There, a restaurant and bar welcome you throughout the day for a cocktail, meal or snack.

### SEMINARS, BOARD MEETINGS, RECEPTIONS AND EVENTS

The hotel's exclusive location is ideal for workshops, meetings or incentive trips.

The 72m<sup>2</sup> meeting room can be configured three ways: 24m<sup>2</sup>, 48m<sup>2</sup> and 72m<sup>2</sup>. This light-filled space can accommodate up to 50 people.

Take advantage of our catering service, which offers a variety of sweet and savory breaks: Invigorating Wake-up, English Breakfast, Gourmet, Healthy, Creamy and Sophisticated.

For business lunches or dinners, our beach restaurant serves outstanding Mediterranean cuisine.

### FITNESS

Modern décor and state-of-the-art equipment – stationary bike, elliptical, free weights and rowing machine – await you in the bright fitness center.

Make the most of 300 sunny days a year on the Côte d'Azur with an outdoor pool heated to 28°C/82°F all year long.

Original and iconic, the round *œil de bœuf* shape can be found throughout the hotel, like a porthole opening toward the sea. Once you cross this threshold, you are immersed in the quintessence of a seaside resort, surrounded by refined and original décor.

Thanks to the hotel's prime location, you can easily discover Cannes' historic heart, Le Suquet, with its exceptional views of the bay, the harbor and the Lérins islands. Explore charming inland villages and other treasures of the Côte d'Azur.
